

Villa Dance Company requires specific shoes for their dancers. Each class will require certain styles/colors. You can find what level your child is in inside your parent log-in and under manage students.

All shoes will need ordered through our online store, sizing information is found there. Once your order arrives, VDC staff will make sure they properly fit your child and make any size exchanges if needed. Hip Hop shoes will need to be purchased outside of the studio. Please label your dancer's name or initials on the inside of the shoe in case they get misplaced or left behind. Dance shoes need brought in a separate bag and have your dancer change into them inside the studio to keep our dance floors clean free from rocks and dirt.
